**ARTIS PRICES OFFERING OF \$75 MILLION OF CUMULATIVE RATE RESET
PREFERRED TRUST UNITS**

NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR DISSEMINATION
IN THE UNITED STATES

Artis Real Estate Investment Trust (TSX: AX.UN) (“Artis” or the “REIT”) announced today that it has priced its previously announced marketed public offering (the “Financing”) of Cumulative 5-Year Rate Reset Preferred Trust Units, Series A (the “Series A Units”). Artis will issue 3 million Series A Units at a price of \$25 per Series A Unit for gross proceeds to Artis of \$75,000,000.

The Financing is being led by RBC Capital Markets, CIBC and Macquarie Capital Markets Canada Ltd. (the “Underwriters”). Artis has also granted the Underwriters an over-allotment option, exercisable at any time up to 30 days after the closing of the Financing, to purchase up to an additional 450,000 Series A Units.

The Series A Units will pay fixed cumulative preferential distributions of \$1.3125 per unit per annum, yielding 5.25% per annum, payable on the last day of March, June, September and December of each year, as and when declared by the board of trustees of Artis, for the initial approximately five-year period ending September 30, 2017. The first quarterly distribution, if declared, shall be payable on September 30, 2012 and shall be \$0.2122 per unit, based on the anticipated closing of the offering of Series A Units of August 2, 2012. The distribution rate will be reset on September 30, 2017 and every five years thereafter at a rate equal to the sum of the then five-year Government of Canada bond yield and 4.06%. The Series A Units are redeemable by Artis, at its option, on September 30, 2017 and on September 30 of every fifth year thereafter.

Holder of Series A Units will have the right to reclassify all or any part of their Series A Units as Cumulative Floating Rate Preferred Trust Units, Series B (the “Series B Units”), subject to certain conditions, on September 30, 2017 and on September 30 of every fifth year thereafter. Such reclassification privilege may be subject to certain tax considerations (to be disclosed in the prospectus supplement). Holders of Series B Units will be entitled to receive a floating cumulative preferential distribution, payable on the last day of March, June, September and December of each year, as and when declared by the board of trustees of Artis, at a rate equal to the sum of the then 90-day Government of Canada Treasury Bill yield plus a spread of 4.06%.

The Financing is being made pursuant to the REIT’s base shelf prospectus dated June 15, 2012. The terms of the offering will be described in a prospectus supplement to be filed with Canadian securities regulators. The Financing is expected to close on or about August 2, 2012 and is subject to regulatory approval.

Artis intends to use the net proceeds from the Financing to fund future acquisitions, repay indebtedness, and for general trust purposes.

Artis continues to enjoy a strong deal flow pipeline, with a continued focus on the accretive acquisition of quality commercial properties, in select markets in Canada and the U.S.
